Small ways to use your tags

Write a name or date on the blank tag, or use the reverse for a longer note.

Add a short ribbon only if you want one; no metal eyelet is needed.

Trim the strip to fit a page edge, or use it as a decorative paper band.

The printables include the paper designs only; ribbon and tools are not included.

One keepsake pocket

Finished front: 3.5 x 3 inches. Three 0.5-inch glue tabs. Solid edge = cut; dashed = fold.

Cut, fold and attach

1. Cut the full outer shape, keeping all three glue tabs. Cut the half-circle notch.
2. Score the three dashed lines and fold each tab behind the printed front.
3. Put a narrow layer of glue on the backs of the folded tabs only.
4. Press the tabs onto a journal page, leaving the top open. Let the glue dry.
5. Slip in a 2-inch-wide tag or a small note. Do not overfill the pocket.

The 3 x 4-inch cards are separate page pieces, not inserts for this pocket.
